There was a gathering of young peo-

ple, including many of the winter's debutantes, at Tuxedo on Friday night, and the villas of the park were filled with parties who had come not only for the dance but also for the wedding of Miss Cannon and Henry Luden of Holland, which was celebrated yester-day, at a time when Tuxedo Park is looking most attractive with its autumnal foliage.

Interesting engagements have been announced during the week, including those of Miss Margaret E. Trevor to Dr. Irving H. Pardee and of Miss Doris Fletcher Ryer of San Francisco to Stanhope W. Nixon of New York. Miss Trevor has passed much of her life, at least during the summer time. in Southampton, where her parents, Mr. and Mrs. Henry G. Trevor, have been among the leaders of the colony. She is a granddaughter of the late John B. Trevor, a patriotic American citizen, and through his marriage she is related to the various branches of the Rhinelander family of this city. Miss Ryer, who was born in California, has passed much time abroad, having been educated in Europe. She went to Newport a year ago last summer with her mother, Mrs. Fletcher Ryer, was formally introduced to society there and had what is called a successful season.

There is much moving about in soclety just now. New homes are being acquired by purchase and lease in the city and apartments are being taken for the winter months by those who prefer to have their permanent home in the suburbs. The Thorne house in upper Park avenue is ne of the most beautiful of the reictures in this city and is admirably adapted to entertaining. Last vinter it was occupied by Dr. and Mrs. Hamilton Rice. Another of those move up town is Joseph W. Harriman, who has just purchased the Ausin Nichols home in East Seventyninth street near Fifth avenue. #### The Growing Grocery Bill And Its Preventive

"Food prices," says a New York banker, "have gone up 40 per cent. in a

Every housewife knows that, to her sorrow

The growth of her grocery bill is a monthly night-

As a quite closely related fact, the A. & S. Grocery Store is doing a phenomenal business-by far the greatest in its career.

Why? - Because these same housewives, who growl over grocers' bills, realize more and more what a great help this Store is in their domestic finances.

It sells but one kind of Groceries-the very best. It sells great quantities of them.

For this reason it can BUY great quantities-and large purchases for cash bring low prices. The two processes interlock. So it happens that it sells

these Groceries, in spite of their quality, for LESS than the average store can afford to charge.

And women who keep house carefully KNOW this, and come here in ever increasing numbers. But there is more besides:

This is a NEIGHBOR-HOOD Store-not only for Brooklyn, but for all Greater New York and suburbs because of our

Enlarged and Bettered Telephone System, and our splendid Delivery

System. You can telephone your orders, every day, every week, or every month, as suits you best, and they will be quickly and accu-

rately filled. AND YOU NEVER NEED TO ASK THE PRICE. There is but ONE price, and that you may be sure will be the LOW-EST for the quality.

You will find it a good move to test this Store's Groceries and Prices. It will be a welcome relief and perhaps a surprise to find that instead of keeping on going up, your grocery bills will begin to go down!

#### Our Own A. & S. Brands of Groceries

In order to secure constant In order to secure constant quality, absolute purity, and moderate prices, we have in the course of years built up a remarkable group of our OWN Groceries—Teas, Coffees, Cereals, Spices, and many other things which we prepare in our own laboratories, and which we

thoroughly guarantee. Besides their excellence, they have the merit of cutting out the middleman's profit, thereby re-ducing the cost to the consumer.

These are the contributions of the "Everyday Grocery Store" towards fighting the high—and rising—Cost-of-living.
